

COVID-19 & LENT 2021

We can give out ashes but it can't be done without changes.

We are required to use the safest form of distributing ashes. If you wish to receive ashes, you will come forward and bow your head. The ashes will be sprinkled above the center of the head without touching.

Due to Covid-19 we **will not** have a communal anointing of the sick. This would require the most vulnerable to come together, which would not be safe or advisable. We will continue to have Stations of the Cross on Friday's, as we can be comfortably spaced. **Please pick up a Lenten parish guide** at the church doors or visit our website
